

CCDC Inject

INJECT NAME	Create a Status Report
INJECT ID	BCOM07A

INJECT DESCRIPTION:

The IT Director has asked the Team's lead engineer to prepare a status report on recent activities. The areas of interest to be covered in the report are:

1. Know attacks
2. Any service outages
3. Summary significant reconfigurations, or software installations
4. Any recommendations for improving the organization's defensive posture with regard to:
 1. Needed tools
 2. Upgrades
 3. Staff training

INJECT DELIVERABLE

Develop a status report that is easy to read and in terms that a non-technical management audience can find useful and act upon.
