

CCDC Inject

INJECT NAME	Report on how FW is to be Used
INJECT ID	DSGN13A

INJECT DESCRIPTION:

Develop a detailed report to the IT Director on how the Team intends to use the Firewall. What features will be implemented, how will security policies be developed and how will the device be hardened from compromise.

INJECT DELIVERABLE

Respond with a clearly written business memo which provides the information requested on how the firewall is to be implemented and managed.
